# THE GRAND KNIGHT

Brother Knights:

"But God proves his love for us in that while we were still sinners Christ died for us" - Romans 5:8

In the month of April, we transition from a time of sacrifice in Lent to a time of rejoicing at Easter for the Resurrection of our Lord. I hope this Lenten season has touched your soul to allow you to draw closer to Christ and your fellow men. During Easter time we celebrate our wonderful salvation bought through the blood of Jesus. Let us continue to leave no neighbor behind as we gradually emerge from the shadow of COVID 19 into the light of a healthier world. Hopefully the good things we learned during this pandemic will continue to show in our lives.

I'd like to thank all the brother Knights who served faithfully in March to help our parish and community. Kudos to everyone who worked at the many Fish Fry's each Friday. Because of your can do attitude and teamwork, this project was successful beyond any of our expectations and gave a great demonstration of the Knights not only to the parish, but to the community as well. It was great to be together in person to make this a fun, successful venture. Also, I'd like to thank all the Knights and their family members who helped out for our bimonthly food distributions at HOPE. Because of the success of the HOPE drive-through food distribution, we got approval to have our drive through Fish Fry's. Finally, I'd like to thank all of the Knights and their families who participated in our Faith events for the month: the weekly Zoom Rosary and the wonderful Consecration to St Joseph. The consecration was wonderfully executed by Kevin Alcaino and I believe was a highlight for the church and the Knights Columbian Year.

However, there is no rest for the righteous and we will continue to host beneficial programs in the next two months. In April and May we will be hosting the International Wheelchair Mission campaign, the campaign for Special Needs, Mother's Day flower sales for the LaHabra Life Clinic and possibly a clothing drive as well. In addition, we will plan other events such as the Consecration to the Holy Family, Into the Breach videos and other events from our Faith in Action program. My final thought is a call for help. Please invite at least one friend, acquaintance or parishioner to join the Knights! Our community needs us more than ever and many hands make for light work.

God bless you and your families!

Vivat Jesus,  
Rick Tkach

## Finding Joy in Sadness

In John 16 Jesus begins the evening by washing the disciple's feet and then teaching them and trying to prepare them for the days ahead. He would soon be going to Gethsemane and then the Cross where He would die for our sins. He told His followers that they would be going through a time of great pain and sorrow, He compared it to a women giving childbirth. Just like the pain the women was experiencing would turn to joy when the child arrived, their day of pain and sorrow would also end. *In John 15:11* Jesus tells them *"these thing I have spoken to you so that my joy may be in you and so your joy may be made full."* He knew He was going to the cross and He wanted to prepare them for what was about to happen. *John 17:13* *"so that they may have joy made full in themselves. John 17:33 I have told you these things, so that in me you may have peace. In the world you will have trouble. But take heart! I have overcome the world. John 16:22 Jesus said I will see you again and your heart will rejoice, and your joy no one will take away."*

As he was crucified in *John 17:1* these words Jesus spoke "He lifted up His eyes to heaven, and said *"Father the hour has come; glorify thy Son, that thy Son also may glorify thee"*

Who can find peace and hope and Joy in dying? Only those who are joined by faith to our God and who know that they have eternal life. What Joy to see Christ face to face.

**A Message from Your Council.....Recorder  
Faith Director & Vehicle Donation Chairman**

---

In addition to tributes to knights of our council who have gone to their heavenly reward, I offer the following tribute submitted by Sister Kathleen to one of our former members, Lloyd Ferry, who moved away from our area:

### TRIBUTE TO LLOYD FERRY

He was a resident of Cypress for a few years. Now he is back in his home state of IOWA. His cousins there welcomed him back with open arms, and he is settling down nicely. They have been so wonderful to Lloyd and are helping him adjust and care for himself.

Lloyd is a devout Catholic who nurtures his faith daily through daily Mass, Rosary, some private devotions such as: Padre Pio prayers, daily novena prayer to Venerable Nano Nagle---  
Foundress of the Presentation Sisters.

Lloyd is always open to learning new things and enjoys a good argument!

His sense of humor is palpable, which explains his wide circle of friends and connections. While living in Cypress, he had a very active social life! The Knights of Columbus, of whom he was a member, were very dear to him. He also used to go to talks and other activities in the Senior Center. He even joined friends at the Concerts on the Green and knew every band! One of Lloyd's most attractive qualities is his love for, and compassion for the poor! He is incapable of passing by or ignoring a person in need. He said he learned that from his parents and family.

Lloyd is humble and hates drawing attention to himself. He's the sort of guy you'd like as a next door neighbor! May the Lord protect and shower His blessings upon Lloyd Ferry-----

May God grant you a happy and blessed Easter,

*Frank J. Faecke*

**Letter From a .....  
Brother Knight**

Dear Knights,

Janet and I are grateful for your help. We thank you from the bottom of our hearts.

Many of you know that I am now in a wheelchair but don't know why I was in need of a power wheelchair. The first wheelchair that was ordered for me was not fitted properly. This improper fit made it difficult to transfer into a vehicle. My left rotator cuff was torn and right shoulder labrum was torn during one transfer into Janet's vehicle. This caused excruciating pain when trying to [was] power [is] propel (manually) my wheelchair anywhere. We tried a power assisting device and it did not relieve any pain as it required a lot of manual propulsion. The only option, and my physicians concurred, is for me to obtain [was] a [is] an electric power wheelchair.

After obtaining the wheelchair you so graciously donated, I felt pain relief within two days! Janet asks me how I am doing multiple times a day so it is nice to share with her that I am getting pain relief. Additionally, this is a really big deal because I need to have a procedure done prior to my shoulder surgeries which extends the amount of time I will be in pain. Currently, that procedure is scheduled for April 9.

It is difficult to describe how much relief the power chair has brought me. My upper body, including shoulders, has been at a pain level of seven (7) out of 10. The pain in my shoulders are now at a level six (6) without the piercing and stabbing pain. This wheelchair has brought me enough relief so I can sleep at night, something I have not done well in a long time.

Thank you again, from the bottom of our hearts, for the donation of the wheelchair. Just recently, our insurance agreed to pay for a power wheelchair. Janet and I would like to donate the wheelchair to another person in need in the name of St. Irenaeus, the Knights, and all of the other Ministries and individuals that wanted to support this effort. These wheelchairs are difficult to obtain and we have been blessed to be able to use the one you donated to us for many months.

You are in our thought's and we are praying your burdens are light,

Mario and Janet Bica

## Information of Interest

Experiences while attending conferences on organ donation.

Dr. Ely explains that the topic of euthanasia by organ donation was regularly being discussed at organ donation conferences. [Ely, who opposes euthanasia, stated:](#)

At each meeting, the conversation unexpectedly shifted to an emerging question of “death by donation” — [in other words](#), ending people’s lives with their informed consent by taking them to the operating room and, under general anesthesia, opening their chest and abdomen surgically while they are still alive to remove vital organs for transplantation into other people.

The big deal here is that death by donation would bypass the long-honored [dead donor rule](#), which forbids removal of vital organs until the donor is declared dead. Death by donation would, at present, be considered homicide to end a life by taking organs.

Sharon Kirkey published an [article in the National Post](#) concerning the debate that has grown concerning euthanasia by organ donation. Kirkey explains:

Under this scenario Sharon Kirkey agrees that people granted an assisted death would, with their full knowledge and consent, be transported to an operating room, put to sleep under general anaesthesia and their organs removed, including the heart and lungs. Death would follow removal of the beating heart. Under so-called “euthanasia by organ donation,” the act of organ donation itself — not a lethal injection or a doctor-prescribed, life-ending dose of barbiturates — would be the mode of death.

According to Kirkey organ donation after euthanasia has already occurred in Canada, since euthanasia was legalized. Kirkey points out that the dead donor rule prevents euthanasia by organ donation.

An article [published in the New England Journal of Medicine](#) (NEJM) argues that eliminating the dead donor rule provides “benefits” by providing healthier organs for donation. Ian Ball, the lead author of the article explains the scenario:

The dead donor rule isn’t a law, but more an “ethical convention,” said Ball. It’s being questioned more, especially in the advent of assisted dying. “Prior to MAID it was absolutely unacceptable for physicians to intentionally and directly cause the death of a patient,” he said. “The extreme perspective — and I’m not taking this, I’m not advocating for this and it’s certainly against current MAID legislation, but some people do — is that, in the case of MAID, why wouldn’t you go to the operating room, get a general anesthetic and why couldn’t they retrieve your beating heart? Because that would provide your heart in the best possible condition to a recipient.”
