THE GRAND KNIGHT

Brother Knights,

The Chapter sponsored Day of Sharing is another success. We had a game booth and the smiles from attendees are so rewarding. The rewards we get back for doing all this charity work. If you have not done this we have another opportunity during the Special Olympics this summer.

May 13 is Mother's Day and I wish Happy Mother's Day to all the Moms. We will be selling flowers after the masses on Saturday and Sunday, May 12 and 13. Proceeds will benefit the La Habra Life Center. Please call Brother Tom Nagle and offer to help selling flowers in the church patio.

I want to encourage all of you to help out after masses with Fall Recruitment Drive. Thanks to Brother Irv for creating the video, very professionally done. To Brother Walt for his leadership in this recruitment drive. Special thanks to Fr. Binh, our Council Chaplain, for being our spokesman in the video. Thank you beforehand for all of your support.

We are coming close to the end of our Columbian Year. In this issue the nominating committee published the nomination of officers for the coming Columbian year. You will notice that we are still in search for a Chancellor. If you are interested in this position, please talk to me or any of the Trustee. Our election will be on the June business meeting. During the election you may nominate a brother Knight's from the floor for any of the positions. The requirements for nominees are that they are 3rd Degree members and you have their approval before hand that they are willing to run for the office you are nominating them for.

On May 17 to 20, together with our Alternate Delegate Brother Bill Serb PGK, I will be heading north to Sacramento for the Annual State Convention. Hope to be bringing home some awards.

Please welcome Fr. Mark Cruz, as a new member of our Council. Fr. Mark, is the Chaplain at Santa Margarita High School and presides on some of the Sunday and weekday masses at our parish. He completed his Admission Degree April 25 at St. Cecilia Parish, Bishop Conaty Council # 5385.

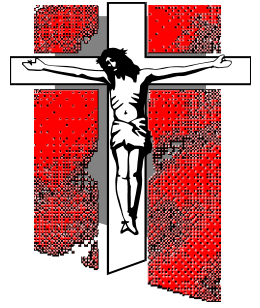

This month's talk before our business meeting will be about Internet Scam. The talk will be given by our Brother Paulo Morales, Cypress City Councilman. The talk will begin at 7:00 pm before our General Business Meeting at 7:30 pm. The doors open at 6:00 pm for fellowship.

God Bless Us All,

Rolly Arenz

Grand Knight

COUNCIL CHAPLAIN'S CORNER

A Mother's Day Prayer

This month we celebrate Mother's Day. On this special day set aside to honor our Moms let's take time to pray for the efforts, sacrifices and expressions of love our Mothers have given us over the years.

It takes someone very special to be a mother. She must be brave and strong. Someone so special that she can love her child even more than she loves herself. Mary the mother of God was just such a mother.

Our Moms have shared our good times and our bad times. They have brightened many of our days by cheering us on when our enthusiasm seemed to be going downhill. They have given comfort and support often in silence and without being asked.

They have made our lives happier and more complete. If your Mom is but a sweet memory I pray that memory will continue to bless you all the days of your life. They hold a special place in our hearts and should be remembered in our thoughts and in our prayers always.

Let us also honor the Moms still with us today and give God thanks for giving us such a unique woman that nurtures and reflects the complete and pure love of God for His children.

Numbers 6:24-26 "May the Lord Bless you and keep you, and be gracious to you, and May the Lord lift up His countenance upon you and give you peace."

Happy Mother's Day

A MESSAGE FROM YOUR.....

**Deputy Grand Knight

Brother Knights,4

Cinco de Mayo currently has only a regional importance in Mexico. In the United States and other countries, however, the day has come to be known as a celebration of Mexican heritage and pride. Like St. Patrick's Day and Oktoberfest, one doesn't need to be of Mexican descent to enjoy the festivities. Schools have used this day to teach the history and heritage of Mexico. Events and celebrations incorporate foods, music, dancing and demonstrations.

Celebration of Mother's Day is important in our culture as it is in our faith. In the Catholic Church, we recognize the importance of putting our faith into our action. I encourage you to take the opportunity today to do something charitable for your mother, something charitable for mothers in the community, to recognize and thank God for the gift of life, and to speak with the Virgin Mother. To all the moms in our council, parish and outside the parish – Happy Mother's Day.

This Memorial Day Catholics rightly honor our heroes and remember our Church, who has defended the dignity and freedom of the human person for two thousand years as Americans, this Memorial Day we will remember those who died in the service of our country. But as Catholic Americans, we should also reflect on the meaning of true freedom and thank God for the Church which proclaims the way to the fullness of that freedom.

Below are the May council events:

May 2: Officer's Meeting 7:00 PM, room 6. All members are welcome.

May 9: Regular Business Meeting 6:00 PM, Ed room.

May 5 & 6: Recruitment Drive after every mass

May 12: Special Olympics contact Rick Tkach

May 13: Mother Day Flower Sale after each mass contact Tom Nagle

God Bless

May Meeting = \$10.00

FROM THE DESK OF THE

FINANCIAL SECRETARY

Dear Brother Knights,

I hope this letter finds you all healthy and in good spirits after April 17th (tax day).

The name pulled for “Good of the Order” drawing at our April meeting for \$10.00 was Jim Bowler, who was present, and donated the money to our Council fund to assist Brothers having financial difficulties to keep their dues current. Thank you, Brother Jim!

There are still 74 members who haven’t paid their 2018 dues yet. Supreme Council, State Council, and Chapter assessments take a large part of our dues, based on the number of Council members we have on July 1st. Unpaid dues are taking away approx. \$2,000.00 that could be supporting our charitable opportunities.

Our Council officers have chosen to forgive the past year’s dues to make it easier for all our brothers to remain active members. So if you are having difficulty paying your 2018 dues, please contact me or our Grand Knight. Phone numbers are in the front of this bulletin, or you can email me with your information. Remember, a current KofC Membership Card is required to participate in any Knights of Columbus functions.

Don’t forget to check out our Monthly Bulletin on our website <http://www.kofc8599.org> as it usually includes pictures from our recent Council events. I hope to see all of you at the next Council Business Meeting in May.

A Message From Your Council.....Recorder & Respect Life, Justice & Peace Chairman

Encountering Christ

Brothers.

Happy Easter season! (You know it continues until the Feast of the Ascension.) How do we encounter the Risen Christ?

When we receive Him in Holy Communion He comes to us up close and personal. That small consecrated host contains the powerful grace of God, who again humbles Himself for our sake in the form of bread. As we receive that sacred bread and chew it and digest it, those graces surge throughout our body and our being. We could thank God for the rest of our lives for just one Communion with Him!

In the history of our Church there are saints who have lived on the Eucharist alone for years. For example, I just read in This Day publication about St. Lydwina (1380-1433 AD), a Dutch saint and the Patron of Sufferers. She became an invalid due to an accident while she was skating on a frozen canal. For 40 years she united her sufferings with Christ for the sins of others, had holy visions, and received pilgrims who visited her. A Church inquiry upheld her good faith and confirmed the miraculous sign that she subsisted on the Eucharist alone for the last 19 years of her life. She died on April 14, 1433 and was canonized in 1890.

Few of us have that amount of faith or holiness. However, we are blessed to receive the Eucharist daily if we wish. Brothers and sisters let us pray that we may experience our Risen Lord more deeply in Holy Communion. Let us ask Jesus how we may do His will. As Father Aaron said in a homily, "What more could He have done for us?"

Love and prayers,

Frank J. Faecke

Frank J. Faecke, Recorder

Chancellor & Membership Director

Greetings gentlemen,

We are gearing up for the end of the Columbian year and the final recruitment push of the period. Following the recruitment drive the weekend of May 5th, further efforts are needed to coordinate the First Degree ceremonies to introduce the prospects into full membership.

We will be looking to organize a council event in conjunction with the First Degree ceremony. Currently the Father Kass First Degree ceremony is scheduled at 1:30 p.m. on a Monday. We may need to look at the scheduling our own First Degree if candidates are unavailable at the indicated time.

Please stay tuned to the upcoming First Degree ceremony and please consider being present to welcome new candidates into our council.

Medical Journal: Political Correctness Prevents Women from Learning About Abortion Risks; Politics Trumps Science in Abortion-Breast Cancer Link

Contact: Kathryn Serkes

WASHINGTON, Aug. 14 /U.S. Newswire/ -- Scientists, women's groups, and the media have consistently suppressed or ignored research that establishes a direct link between abortion and breast cancer for their own political purposes. Further, women considering abortion are not given true informed consent about the real risks of the procedure as a result of withholding this evidence. Those are the conclusions of the study published in the Summer 2003 Issue of the peer-reviewed Journal of American Physicians and Surgeons (JP&S) titled "The Abortion-Breast Cancer Link: How Politics Trumped Science and Informed Consent." The article discusses the epidemiologic evidence of an ABC link; the silence and denial of the National Cancer Institute, the American Cancer Society, the American Medical Association and women's groups; media bias; the bitter opposition of pro-abortion politicians; the implications for patient care; and medical malpractice issues. A companion article documents at least 49 studies that demonstrate a statistically significant increase in premature births or low birth weight with prior induced abortions.

Karen Malec, author of the article on the abortion-breast cancer link, suggests that the U.S. Supreme Court might have come to a different finding in *Roe v. Wade* if the science had been available to them while making their decision. "A reason cited for the decision was that modern aseptic technique and antibiotics made it possible for abortions to be performed safely. The court's opinion might have been different if the justices had been aware of earlier epidemiological research supporting a relationship between abortion and breast cancer. "Studies showed link as early as 1957 Malec shows how several studies conducted as early as 1957 showing the link were suppressed or ignored, as were later post-*Roe* studies that showed significantly higher rates of breast cancer in the "Roe Generation." For example, it was estimated that in 1996 an excess of 5,000 cases of breast cancer were attributable to abortion, and that the annual excess would increase by 500 cases each year. They predicted 25,000 excess cases in the year 2036. Scientists now deny their own studies Authors

of studies actually denied their own findings when political heat was applied. One lead author of a recordlinkage case study in 1989 worked with a group of American Cancer Society ACS) researchers who reviewed the research. By then 11 of 12 US studies indicated increased risk, but she still stated the research - including her own - was "inconsistent" and that she could not arrive at "definitive conclusions." Political pressure & scare tactics The scientific and medical community admits that the reasons for the suppression are political. The president of the American Society of Breast Surgeons said that she presented her concerns about getting information to the public about the abortion-breast cancer link, but the board felt it was "too political."

(Pro-Life Notes continued)

The director of the Miami Breast Cancer Conference explained that there was no presentation on the program because it was "too political." The author found that the Web pages of the National Cancer Institute (NCI) and leading American and Canadian cancer organizations contain false statements, misrepresentation, and omissions in their discussions. Yet when pressured by scientists to post studies that show a 2.4 fold increase in breast cancer risk, pro-choice activist cried foul, accusing them of using "pro-life scare tactics." Equally astounding is the fact that most of the 15 American studies were funded at least in part by the NCI, and 13 of them found increased risk. Abortion/Breast Cancer was compared to the Taliban in a newspaper. Another win for the trial lawyers?

In conclusion, the author writes that in the end, it may be the trial lawyers, not the medical community, who force full disclosure through liability litigation against those who perform abortions without providing women with fully informed disclosure about the elevated risk.

NOTE: The Association of American Physicians and Surgeons is a non-partisan, professional association of physicians in all specialties, dedicated since 1943 to protection of the patient-physician relationship.
